# KISHAN METAL

We - KISHAN METAL introduce ourselves as a Manufacturer of custom design sheet metal parts from metals such as Submarcibal Parts And Flour Mill Parts.

We are capable of manufacturing Flour Mill Parts, Submercible pump parts with precession machining work. Bulk production is possible due to our strong infrastructure set-up equipped with modern machines and backed up with a team of experts. This also enables us to provide customization at most effective cost.

## We Offer

---

We - Kishan Metal are engaged in manufacturing precision engineered Flour Mill Parts and Submercible pump parts as per customer requirement. Sheet metal welded parts, CNC & VMC machined sheet metal parts can be developed and supplied as per customer's design.

## Our Goal

---

Our goal is to always machine quality into the process and not to rely on inspection to find problems. We are constantly fine tuning our operations to continuously improve the quality and service supplied to our customers

## Quality

---

We are maintaining our quality standard as per ISO 9001-2008. Our quality experts constantly work in order to ensure that our customers get superior quality products. All our products are passed through the strict scanning of our quality control inspectors.

## Production Facility

To manufacture our range of products, Our production unit is equipped with following

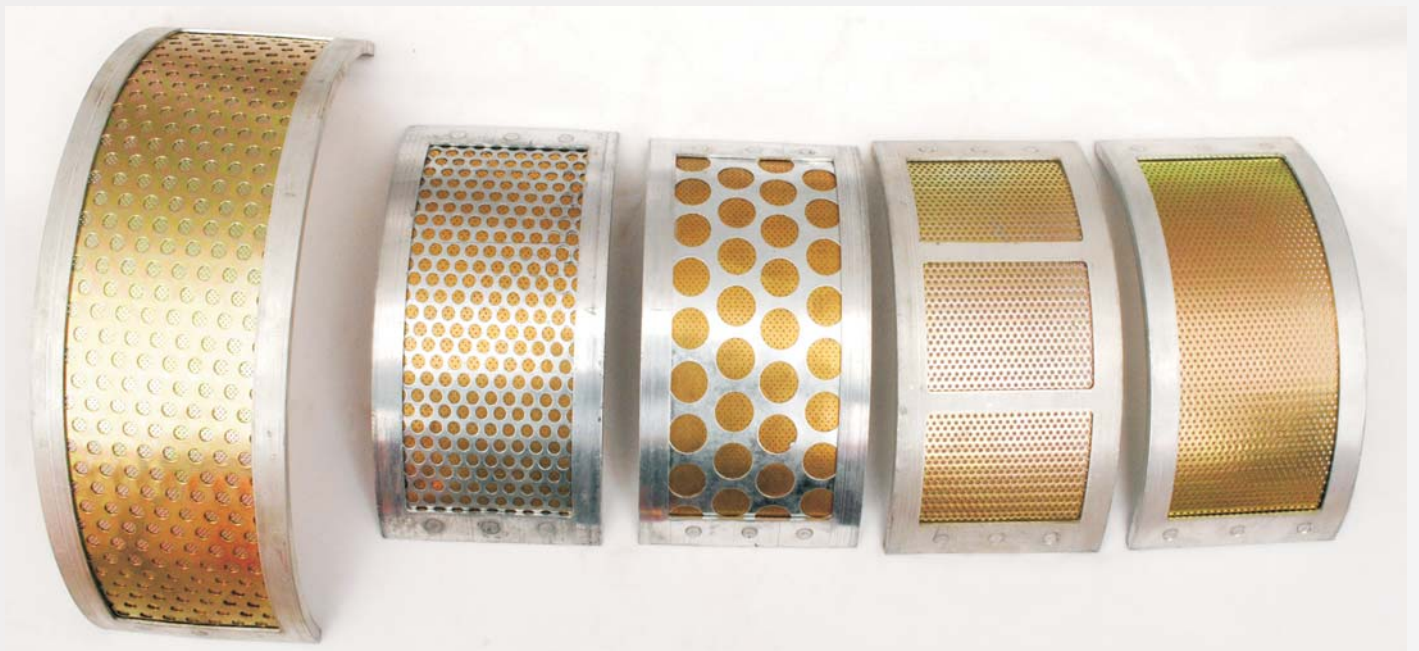

Shearing machine	1 Nos.	Spot welding	1 Nos.
Power Press	15 Nos.	Drilling Machines	1 Nos.
Hydraulic Press	1 Nos.	CNC Machine	1 Nos.
Grinding Process	1 Nos.	VMC Machine	1 Nos.
Mig Welding	1 Nos.	Lathe Machines	2 Nos.
Tig Welding	1 Nos.		
Inspection Laboratory			

## Our Manufactured Goods

### Stone Less Flour Mill & It's Parts

We are manufacturing DOMESTIC STONELESS FLOUR MILL Capacity:- 1HP & 2HP under our brand "JEN" for local as well international market. We are also supplier of Flour mill parts to many big named manufacturer of India.

1) Screen (Jali – Material Aluminum, M.S., S.S, Brass)

2) Bitter-worm (S.S , Aluminum, M.S)

3) Plastic Container      4) Ventilation Dish

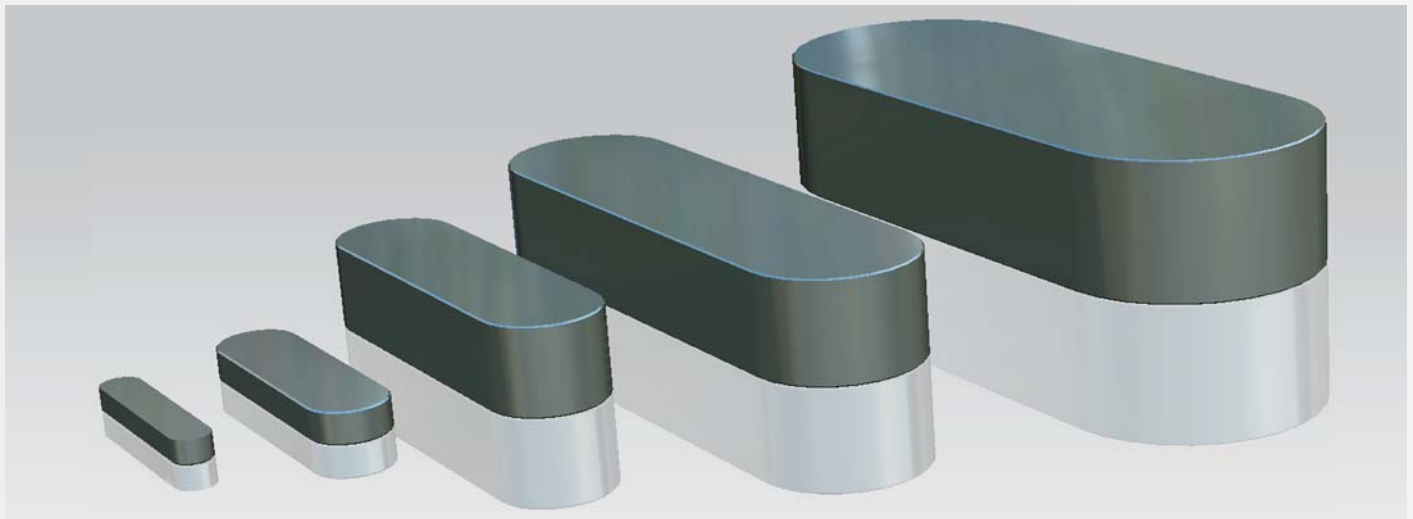

## Submersible pump parts

We are manufacturing parts for submersible pump. We are following high quality standard for producing submersible parts.

1) KEY for shaft :( Material S.S 410 & S.S 304, EN-8, Precision grounded, Size:- 2X3, 3X3, 3X4, 4X4, 4X6, 5X6, 7X8, Special size available as per customer's demand)

2) Flanges for V3, V4, V6 (Stud Ring- Material: M.S)

3) Thrust Plate V3, V4, V6 ( Material: S.S 202 , S.S 304)  
Upper Cap V3, V4 , V6 (Material: S.S 202, S.S 304)

- 4) Cable Clip V3, V4, V6 (Material: S.S 202, S.S 304)
- 5) Washer ( Size: As per demand, Material: S.S 202, S.S 304)

Our products End Users are at Worldwide

India, Europe, Canada, USA, UAE, Kenya, Uganda, Iran, Australia, Russia, Newzeland.
